

I was saddened to hear that LPFM Service is possibly going to be expanded, jeopardizing the FM translator based radio station that my family and I love: K-Love.

Here in Chicago, K-Love (94.3) is serving our community by providing family friendly radio that is commercial free. This channel is safe for our entire family.

If K-Love were to be displaced from our community by an LPFM broadcaster, it would be a tremendous loss to my family and many others who rely on K-Love's programming.

K-Love's uplifting music serves our great city by offering positive music that is a refreshing change of pace from standard radio which is far from appropriate for young children.

I hope that you hear the pleas from the many who are blessed by K-Love, and keep the FM translators in place.

Sincerely,

Cortt C. Cousino
